

## ENTOMBED IN A MINE

Nearly Half a Hundred Men Imprisoned.

BUT LITTLE HOPE FOR ANY.

A Few Have Been Rescued Alive and Report That Their Comrades Were Either Killed in the Explosion or Were Suffocated by the Foul Air—The Work of Rescue Being Pushed.

CARDIFF, Wales, Jan. 28.—The residents of the town and vicinity of Tylorstown, which is situated near here, were terrified by a terrific reverberation yesterday, which shook the whole town and caused people to rush out of doors, wondering whether they were being overwhelmed by an earthquake. It was ascertained in a short time that the concussion was caused by an explosion in a neighboring colliery, with disastrous consequences to life and property. Reports of the number of killed have been conflicting and there is doubt as to the actual number of men in the mine at the time of the catastrophe. The first reports gave the number of miners in the shaft as 64, but some of them escaped to the surface.

The mining population of the locality knew all too quickly what the muffled, thunderous rumble of the explosion meant and rushed to the mouth of the pit, only to have their worst fears confirmed. The shaft was found to be entirely shattered, and it was evident that there was little hope that any of those in the pit could have survived the explosion. The despair of the women who flocked about the mouth of the pit was little more terrible than the horrible anxiety of those that hoped to find that those who were missing from their sides had, by some chance, not entered the mine.

The pit was found to have caught fire and the hindrance that this caused to the work of the rescue parties added to the excitement and tension of feeling. It was only through braving the utmost peril that the living were able to prosecute their quest for the dead. The number of the dead removed grew from 12 to 15, then 20, and the list of those known to have been in the fated shaft kept constantly growing and with it the number of bereaved families waiting at the surface.

The work of exploration is going steadily forward, but under great difficulty, the numerous cave-ins obstructing the advance and making it impossible to reach remote portions of the mine, while the defective ventilation often drove back those who were advancing on their sad errand. The last to come out brought with them five bodies. Several of the miners have been rescued alive and are able to tell something of the occurrence.

Those who have been engaged in the work of exploration and the few survivors who have been rescued tell terrible stories of the scenes they witnessed and the dead bodies they found or stumbled over, strewn in all directions as they fell overcome by fire and suffocation or hurled by the force of the explosion.

One of the survivors, a fireman, who was in the mine when the explosion came, started to work his way in the direction of the entrance with painful and almost hopeless labor, making frequent pauses. In one spot he was obliged to stop and wait for four hours on account of afterdamp. At the end of that time he ventured to advance a few steps further when he had to desist again and wait another two hours in hopeless darkness.

Another fireman who made his way out of the death pit by a long journey relates that he passed numerous men on the way who were unconscious and helpless and badly burned. He could do nothing for them and was obliged to leave them to their fate.

The rescuers continued their work indefatigably all through the night, encouraged by the saving of a few to hope that still others remained alive in the mine whose lives may possibly be saved.

## MACEO'S MOVEMENTS.

He Is Doing a Vast Amount of Damage in the Province of Pinar del Rio.

HAVANA, Jan. 28.—Communication with Pinar del Rio is still very much interrupted, but reports received by courier show that the insurgents there under Antonio Maceo are displaying great activity and are doing much damage despite the reports disseminated here that he was being closely pressed by the Spanish troops and was anxious to escape into Havana as best he could. Maceo and his men are in the extreme western portion of Pinar del Rio, according to the latest accounts. The volunteer troops at Paso Real and Guanines report that large numbers of insurgents have been passing those points in the direction of the city of Pinar del Rio and that they have formed a junction with Maceo whose following was about 4,000.

Maceo has now scoured the province of Pinar del Rio as far west as the sea coast and it remains to be seen whether the claim of the authorities can be made good that he will not be allowed to return to the eastward or to rejoin his forces with those of Gomez.

It is admitted that some 2,000 residents of Pinar del Rio province have joined the forces of the insurgents.

At Mantua the insurgents learned from confidential sources of the whereabouts of large stores of ammunition, which were all captured.

Those who are fleeing before the advance of the insurgents can go no farther west on land and at Arroyos de Mantua they have boarded the pilot

boats Guanera, Lince, Nueva Holanda and Khivas for refuge.

Pablo Oliva effected a junction at Punta De La Sierra, Pinar del Rio, with about 800 other insurgents, and afterward succeeded in capturing the private guards on the plantation of Marias.

At Santa Isabel, which is on the western coast of Cuba, the stores were plundered and at Santa Marta the same was done.

Judge Pedro Rodriguez de Mena, district of San Cristobal, who was detained on account of his political opinion and who was afterward imprisoned for conspiracy against the government, has committed suicide.

At Quintana railroad station a band of insurgents was dispersed after they had destroyed two switches, several culverts and a portion of the telegraph line.

## RESULT OF A FIRE.

Two Babies Dead and Their Mother Dying of Her Injuries.

PITTSBURG, Jan. 28.—Two babies dead and their mother dying is the result of a fire at the home of John Steele, a lamp chimney maker on the South Side, last night. The victims are:

Mary Steele, aged 5 years, burned to death.

Nora Steele, aged 2 years, burned to death.

Mrs. Jennie Steele, aged 27, fatally injured by jumping from a second story window.

About 9 o'clock last night, while Mr. Steele was at work in Hagan, Evans & Company's glass factory, the mother took her four children Johnny, 7 years old, Mary, Nora, and a 7-months-old babe, upstairs to put them to bed. The older ones were in bed and the baby was being washed when Nora, lying in her crib, playfully kicked over a stand on which stood a lamp. Johnny, who tells the story, says the lamp fell on the floor and exploded. His mother kicked it from the room down the stairs and within a few moments the stairway was in flames cutting off escape that way.

The frantic mother then picked up the baby and followed by the boy, ran to a second story front window, tied the baby in the blanket and let it down to the ground in safety. She then saved Johnny in the same manner and turned back to rescue the two little girls, but the rear portion of the dwelling was all in flames and she was compelled to abandon them. In jumping from the window to save herself she struck on her head, sustaining a fracture of the skull and internal injuries from the effects of which she will die.

The father was summoned from his work and is crazed with grief.

## KNOCKED OUT IN TWO ROUNDS.

Dan Creedon, Middleweight, Defeats Jim Smith, Heavyweight.

LONDON, Jan. 28.—Dan Creedon, middleweight, last night defeated Jim Smith, heavyweight, in two rounds. Creedon weighed 163 pounds and Smith 180. Creedon showed himself the more clever of the two, besides having a longer reach.

Creedon had the best of the first round, the company expressing its disapproval of Smith's tactics. The latter was blowing freely when time was called.

In the second round there were a number of smart exchanges and finally Creedon swung his right with great force on the mark. Smith fell like a log and failed to rise, the round only lasting 1 minute and 20 seconds.

## No One to Blame.

ST. LOUIS, Jan. 28.—After the submission of considerable expert testimony at the inquest into the cause of the deaths of Fireman Rhody and Stanton Kerley, a verdict was reached by the coroner's jury, finding that no one was to blame for the collapse of the Aloe building, which was partially destroyed by fire last week. The jury, however, recommended a stricter system of inspection for buildings in the business district and the vigorous enforcement of inspection laws.

## No Desecration of Our Flag.

WASHINGTON, Jan. 28.—Senator Hansbrough has decided upon a modification of his bill to prevent the desecration of the national flag which is a change of phraseology more than of meaning. The bill as changed will make it "unlawful for any person or persons, corporation or company, to use the national flag or the coat of arms of the United States or any pattern, imitation, or representation thereof, upon or in connection with any advertisement for private gain."

## Destitution in Newfoundland.

ST. JOHN'S, N. F., Jan. 28.—The destitution is increasing and the demands for labor are becoming more vehement. The streets are impassable from the recent snowstorms, thus affording work for a hundred men, yet no steps have been taken to clear them. Petitions are preparing for presentation to Governor Murray, urging the adoption of relief measures. Trains on one section of the railroad broke through the snow blockade after five days.

## Lived 129 Years.

MCDONOUGH, Ga., Jan. 28.—Hiram Lester died on the poor farm of Henry county Friday night of old age, being in his 129th year at the time of his death. He was born in 1767 and claimed to have been in the revolutionary war, also that of 1812. He leaves one son and a daughter. His son is 87 years old and is the youngest of the two children.

## Injured by the Trolley.

ELKHART, Ind., Jan. 28.—James Kilday, 80 years old, was struck by a trolley car and fatally injured.

## REFORMS IN TURKEY

Congress Urges That They Be Made at Once.

TO PROTECT THE CHRISTIANS.

The Senate and House Have Both Pledged to Support the President in the Most Vigorous Action He Might Take For the Protection and Security of American Citizens in Turkey.

WASHINGTON, Jan. 28.—The house yesterday, after an interesting four-hour debate, adopted the resolutions passed by the senate last week calling on the powers signatory to the treaty of Berlin, to enforce the reforms in Turkey guaranteed to the Christian Armenians and pledging the support of congress to the president in the most vigorous action he might take for the protection and security of American citizens in Turkey. The house committee had prepared some resolutions on the same subject, but it was deemed advisable after the senate resolutions reached the house to substitute them for those prepared by the committee.

Mr. Quigg of New York who had charge of the bill, made an able presentation of the case, but there was a disposition on the part of some of the members to go further than the resolutions did and Mr. Hepburn of Iowa proposed to give the Turkish minister his passports and sever all diplomatic relations with Turkey. His remarks denouncing the Turkish outrages and charging that the powers signatory to the treaty of Berlin were actuated from political and other considerations in maintaining "the balance of power" in eastern Europe were received with great enthusiasm and at one time it looked as if the house might be carried to his way of thinking. But the counsel of Mr. Hitt not to take rash action in the course of which he pointed out the dire consequences that might result from a severance of the diplomatic relations with a friendly power that had fulfilled her treaty obligations to us prevailed and the Hepburn proposition was overwhelmingly defeated.

Mr. Bailey opposed this resolution on the ground that it would be improper for us to "insult" the parties to the treaty of Berlin by intimating that they had not carried out their obligations. Mr. Turner of Georgia took a similar view, and Mr. Grosvenor of Ohio characterized the resolutions as "incomplete, inefficient and unworthy" and requested the committee to withdraw them. They were finally passed, however, by a vote of 143-26 after a motion of Mr. Bailey to send them to the committee had been defeated 55-103.

After transacting some minor business relating to the District of Columbia, the house, at 4:55 p. m., adjourned.

## NEW SENATORS SWORN IN.

With One Exception the Political Division of the Senate Is Complete.

WASHINGTON, Jan. 28.—Senators Frank J. Cannon and Arthur Brown of the new state of Utah took the oath of office in the senate yesterday, the former drawing the term ending March 3, 1899, and the latter the term ending March 3, 1897. With the exception of the contested Delaware case this establishes the political division of the upper branch of congress until March 4, 1897, as follows: Republicans, 44; Democrats, 39; Populists, 6. Total, 89. Necessary for majority, 45. Should Mr. Dupont be seated from Delaware the Republican vote would be increased to 45, but at the same time the number necessary for a majority would be increased to 46.

Aside from this event the session was given to further speeches on the silver bond bill, two of the new members of the body, Mr. Nelson, Republican, of Minnesota, and Mr. Bacon, Democrat, of Georgia, making speeches, the former against the free coinage of silver and Mr. Bacon urging the evils of a gold standard.

Mr. Hansbrough, North Dakota, severely criticized the secretary of agriculture for the alleged failure to distribute seeds in accordance with the law. Mr. George, Mississippi, defended Secretary Morton's action.

Mr. Lodge (Rep., Mass.) offered an amendment to the pending bond silver bill, providing for an issue of \$100,000,000 for coast defense purposes, the issue to be 3 per cent, 20-year bonds. Mr. Lodge said that the amendment had no bearing on the main financial issue involved, but was merely a practical plan to build necessary coast defenses.

At 4:50 the senate went into executive session and at 5:06 p. m. adjourned.

## Same Old Result.

FRANKFORT, Ky., Jan. 28.—The fifth joint ballot for senator was taken with the same old result. No election. Four pairs were announced, bringing the total present down to 128. The vote was officially announced stood: Hunter, 63; Blackburn, 55; Hazeltine, 8; Wilson, 1.

## Death of an Editor's Wife.

LONG BRANCH, N. J., Jan. 28.—Mrs. Hugh Hastings, whose husband was, during his life time, editor of the New York Commercial Advertiser, died yesterday in her cottage at Monmouth Beach of cancer. Her son is state historian of New York.

## Abyssinia Asking For Peace.

ROME, Jan. 28.—Emperor Menelik has sent letters to King Humbert and to General Barattieri by an Italian trader asking that Italy appoint a plenipotentiary to arrange terms of peace between Italy and Abyssinia.

AMBASSADOR RUNYON'S REMAINS.

They Will Be Embalmed and Brought to Newark, N. J.

BERLIN, Jan. 28.—Further details concerning the death of the United States ambassador to Germany, Mr. Theodore Runyon, who expired at 1 o'clock yesterday morning, have become public. Mr. Runyon was out walking Sunday afternoon and dined with his family in the evening. At 10:30 he retired but awoke about midnight and complained of suffering from a pain in the heart. Dr. Grunar was hastily summoned, but when he reached the ambassador's residence he found that Mr. Runyon had just expired in his wife's arms. His death was painless and resulted from heart failure. Only the family of the ambassador was present at his bedside when he passed away. Mr. Runyon had two previous attacks of heart failure, but they were not considered dangerous.

Mrs. Runyon is prostrated with grief and as she would be unable to bear the strain of the elaborate funeral ceremony for which arrangements were being made, the program has been changed and the funeral service will take place at the house at 3 o'clock on Tuesday. Only the family and the staff of the United States embassy will be present. On Thursday, at noon, there will be memorial services in St. George's chapel, upon which occasion Emperor William will be present.

The body will be embalmed and will be taken to his home at Newark, N. J. Mrs. Runyon has received a dispatch from the Empress of Germany saying that her majesty was "deeply moved and shocked at hearing of your sudden loss." The dispatch added: "The emperor unites with me in expressing the warmest sympathy for you and your family and our own sincere regrets."

The newspapers pay tribute to the worth and ability of the late ambassador and the whole diplomatic corps, hundreds of public officials and practically all the members of the American colony have called at the embassy to express their sympathy with Mr. Runyon's family in the loss they have sustained.

## As to His Successor.

WASHINGTON, Jan. 28.—The news of the death of Ambassador Runyon was a great shock to the president and his official family. The president, through Secretary Olney, has taken official notice of the death. Of course the thing the general public first thought of was who would get the place. Washington is always cold-blooded when patronage and spoils are concerned. The first thought was that New Jersey, having the office now, would naturally seek it again and hence the first name suggested on all hands was that of Senator McPherson. Mr. McPherson is a linguist and prides himself on being a diplomat. He is now in California for his health and his friends say he would not be averse to going to Berlin.

## It May Be Potter Palmer.

CHICAGO, Jan. 28.—Potter Palmer, a lifelong Democrat, will, it is asserted, probably be named by President Cleveland as the successor to Theodore Runyon as ambassador extraordinary and plenipotentiary to Germany. W. K. Carlisle, eldest son of Secretary Carlisle, it is said, will be one of the strongest supporters of Mr. Palmer for the appointment. Mr. Palmer declined to say whether he would accept the place or not. He said it had not yet been offered to him, although rumors of his name being under consideration had reached him.

## DROPPED DEAD ON THE STREET.

A Well Known Railroad Engineer Succumbs to a Peculiar Malady.

COLUMBUS, O., Jan. 28.—Patrick Cahill, a well known railroad engineer, dropped dead on the street yesterday from a peculiar cause and under the most shocking conditions. He was afflicted with an aneurism, resulting from the bursting of the aorta, or large blood vessel of the heart, which occurred some months ago.

At first a swelling appeared on the breast, which developed to large proportions, and the pressure from which caused the muscles over the heart to rot away, leaving only a thin tissue to hold the accumulated mass of blood. While walking along the street this tissue gave way and the man fell wallowing in his blood, which spread over the pavement for yards around. Cahill died instantly.

## AN AMICABLE AGREEMENT.

Brazil and Italy Will Peaceably Settle Their Differences.

NEW YORK, Jan. 28.—A dispatch to The Herald from its correspondent in Rio Janeiro says that Dr. Carvalho, minister of foreign affairs for Brazil, has stated that a protocol has been signed with the Italian minister.

The majority of all the claims of Italy for wrongs committed upon Italian subjects would, Dr. Carvalho said, be submitted to arbitration, and others would be settled at once by the payment of the indemnity asked.

The official Gazette prints a contradiction of the statement of Dr. Carvalho.

## Hotel Destroyed by Fire.

NANTICOKE, Pa., Jan. 28.—The Hotel Broadway, the largest hostelry in this city, was destroyed by fire yesterday morning. The flames started in the boiler room in the basement and gained so rapidly that it was impossible to save anything. The inmates barely escaped with their lives, not being able to save their clothing. The loss on the building and furniture is about \$20,000; insurance \$11,000.

## AMAZING TENACITY.

Remarkable Recovery of a Badly Wounded Man.

HIS PHYSICIANS ASTONISHED.

The Victim Now in Court Prosecuting the Man That Shot Him—Murder Trial in Progress in Wayne County—Desperado Fatally Shot—Scourge of Diphtheria. Other Indiana States News.

RICHMOND, Ind., Jan. 28.—The Wayne county circuit court is hearing the case of James Sipples, who shot Joseph Revelee, inflicting what was pronounced by three physicians a fatal wound. The shooting occurred at Milton Feb. 26, 1895. The men had previously quarreled about a trivial affair. They met that day on the street, Revelee being in a wagon. As soon as he seen Sipples he yelled:

"All right, Jim; I'll settle with you in Richmond."

Sipples, it is stated, replied:

"Why not settle it right here?"

Revelee jumped off his wagon and advanced toward Sipples, who jerked a revolver from his pocket and fired twice. One shot took effect, entering the left breast, grazing the point of the heart, passed entirely through the left lung and lodged in the back. The lung, after a few weeks, became solid below the point through which the bullet had passed, and the heart became pushed six inches to the right of its normal position.

The attending physicians were perplexed at the wonderful tenacity with which Revelee stuck to life, and for weeks the man lay upon his bed apparently unconscious to all surroundings, and unable to take any solid food of any sort. Now the injured lung has begun to clear, and after passing through the very jaws of death, there is every indication that he will live for years; at least his wound will not be the cause of his death.

During all of this time, almost a year, Sipples has been in the county jail awaiting a hearing of some sort. Owing to his victim's condition, the county prosecutor thought it wise to wait until the exact result of the wound was known.

The grand jury, at its last session, returned an indictment against Sipples, charging him with shooting with intent to commit murder, and upon this charge he is being tried this week.

## Trying the Amish.

DECATUR, Ind., Jan. 28.—The cases against the Amish church members were begun in the circuit court here yesterday. Three cases were tried, two against Jacob Swartz for solemnizing the marriages of first cousins and marrying without license, and the third against David Swartz for unlawfully solemnizing marriages. They were tried before Judge Heller, who will not render a verdict for several days. The court experienced great trouble with the witnesses, as they refused to either be sworn or affirm, and said they would violate laws contrary to those of Christ. Twelve other cases will be tried by jury.

## Mysterious Find.

ELKHART, Ind., Jan. 28.—A sensation has developed at Baintown, a small village, five miles south of Goshen. Some workmen about the flouring mill found a large-sized satchel near the race, containing a white shirt, razor, clothes brush, etc., and naturalization papers of one Ross, whose birth is given for 1848. Letters were also found among the effects which were written last October, and addressed to him in Wisconsin. Persons have dragged the race and other efforts are being made to unravel the mystery.

## Desperado Fatally Shot.

BRAZIL, Ind., Jan. 28.—James Dalgarn, the notorious forger, who has served time in prison south, and who was captured Saturday, after an exciting chase, is said to be fatally wounded. He attempted to escape from the sheriff's posse, when he was shot through the back by James F. Davis, the Coal City merchant, on whom Dalgarn passed a forged note for \$50 last Thursday. He was also shot through the arm.

## Narrow Escape From Drowning.

PERU, Ind., Jan. 28.—While George H. Geves and F. Shea, seated in a buggy, were looking at the river, the horse reared and began backing, finally falling over the embankment into the torrent, and carrying Geves and the buggy with him, Shea having jumped out. Geves was dragged out barely in time to save his life. The horse was drowned.

## A Scourge of Diphtheria.

LAFORTE, Ind., Jan. 28.—Report reaches this city that localities in the vicinity of Kankakee are being scourged by an epidemic of diphtheria. The cases have rapidly multiplied in number. There have been three deaths in the family of Chauncey Barnes. The most rigid quarantine measures will be adopted to stop the malady.

## Frozen to Death.

HARTFORD CITY, Ind., Jan. 28.—Isaac Fisher, a well known farmer, yesterday morning was found dead by the side of the road. Fisher was in town Saturday, and it is supposed that he drank to excess, and, while walking home, he laid down to sleep and froze to death. He was 71 years old.

The Jefferson County grand jury attributes the recent big jail delivery at Louisville to the Republican Jailer's "inexperience."

Kentucky Republicans will likely have a lively fight in selecting the delegates at large to the next National convention of their party. Governor Bradley, of course, will be their first choice for President, and the contest will come between the McKinley and anti-McKinley following for second choice. The Ohio man seems to have the best of it at this stage of the game.

ANOTHER new, necessary and useful kitchen tool, the Christy S. I. B. Spatula or Handy Kitchen knife, more wonderful than the Christy bread knives. They will mail sample to any address in the U. S. A. on receipt of 50 cents. Agents wanted in this vicinity. Write quick for territory to the R. J. Christy Manufacturing Co., Clyde, Ohio.

At West Union, Miss Mary Wamsley touched a lighted match to the fuse of a dynamite cartridge. Her left hand was blown off and she was injured about the face.

Two colored men tried to break up the services at the Dover Colored Church Sunday night, and a lively row followed. John Green was badly hurt and John Smith's face and head were badly lacerated. Marshal Lippert and a posse of white men put in an appearance and proceeded to make arrests, when the belligerents showed fight and several shots were fired, but no one was hurt. Smith ran into the Ohio River up to his neck and was captured.

Hon. H. H. GAMBILL, Representative in the Legislature from the Ashland-Catsburg district, is announced as a candidate for delegate from the Ninth Congressional district to the Republican National convention. Other probable candidates from this district are John P. McCartney, and A. M. J. Cochran of Maysville. All of these men are warm supporters of McKinley after Bradley, as are Hon. G. M. Thomas, of Vanceburg, the Nestor of the Republican party in this district and his son-in-law, Samuel J. Pugh, the present member of Congress.

A MAGNIFICENT company, with Mr. John Griffith as "Mephisto," will present Henry Irving's version of Goethe's immortal "Faust," at the opera house next Monday night, with new and elegant scenery. The play will be given upon a scale of grandeur not often equalled. One of the features of the production will be the Nuremberg Cathedral Choir, which will render appropriate music throughout the performance. The revel on the Brocken in the fourth act, is a marvel of stage craft with its flashes of electricity and showers of real fire; the revels of the demons, the electrical duel, the ascension of "Marguerite," all go to make up a weird spectacle. Mr. Griffith will be seen in his original creation of "The Evil One."

STATE SENATOR CHARLES J. BRONSTON is spoken of with general favor as one of the two delegates to be sent from Lexington Congressional district to the National convention at Chicago. He is conservative on the currency question, though not inclined to favor the free and unlimited coinage of silver. It is thought by many that his views on that question will probably prove the best compromise ground that can be reached in the convention. Hon. John D. Carroll, of Henry County, a brother of ex-Speaker A. J. Carroll of the General Assembly, and of anti-Blackburn fame, a strong free silver advocate, will be urged to divide the honor with Mr. Bronston and become a candidate for the place of the other delegate from the district.

## River News.

Stanley up last night for Pomeroy. Sunshine down from Pomeroy to-night. The gauge shows 18.5-10 feet and rising. The Wells, Wave and Courier in and out on time.

Sherley down from Pomeroy and returns to-night.

The Keystone State is overdue from Pittsburg, probably detained by the Allegheny ice. She will pass down today and return as soon as she can handle her cargo.

The new towboat, the E. R. Andrews, owned by the the Campbell Creek Coal Company of the Kanawha valley, is by far the best boat in that service. In the recent Kanawha shipments, the craft handled nearly half of the entire output.

## WORTHINGTON FOR SENATOR.

**The Lieutenant Governor's Name May be Presented if the Dead-lock is Kept Up.**

Two of the leading Republican State Senators said Saturday that if they found it impossible to elect Dr. Hunter they would present the name of Lieutenant Governor Worthington for United States Senator. They think that on account of his fairness in presiding over the Senate he would have a better chance than any other Republican. While nothing may come of this, yet it is of some importance, because it shows that the conservative men are thinking of some other man besides Dr. Hunter. Lieutenant Governor Worthington thus far has shown that he would rather be right than to be Senator. Both Democrats and fairminded Republicans are pleased with the non-partisan spirit that governs his rulings.

SQUIRE GEORGE W. DYE, of Sardis, qualified Monday as a Notary Public.

## COUNTY CULLINGS.

### MT. CARMEL, FLEMING COUNTY.

Our public school closed last Friday. Miss Jessie Glascock is visiting friends in Mayslick.

J. O. Meglason, of Noah, paid us a flying visit Sunday.

Mrs. Naunie Calvert visited at Dobyonsburg last week.

Mrs. Phemie Henderson is visiting her father, Mr. Isaac Powers.

The family of R. C. Ambler is visiting at Esquire R. T. Marshall's.

Mr. John Fitch, of near Tilton, visited the family of Dr. Eckman last week.

Wheat is looking quite well considering the late season in which it was sown.

Mr. Carmel is on the eve of a coal famine, but thanks to our location wood is cheap.

A little boy of Green Wren has been quite ill with gastric fever, but is now much improved.

Esquire A. W. Brewer and daughter Annie, of Noah, are visiting friends in Carmel this week.

Henderson & Brown are closing out their stock of dry goods, groceries and notions at cost.

Master Hays Cook rejoices in the fact that school is out and is off on a visit to Aunt Mary's house.

Mrs. J. B. Bradley and Mrs. Mat Thomas have returned from a pleasant visit to Crains, Fleming County.

A little child of Esquire G. T. Beckett has been very low with pneumonia, but is now on the road to recovery.

Mr. Edward Nash and wife, accompanied by Mrs. Nash's sister, visited the family of Mr. John Beckett last week.

Mr. A. D. Tolle and wife, of Lewis County, visited the families of Francis Tibbs and R. H. Oisley last week.

Quite a number of our people have been suffering from epidemic of deep colds, but at this writing most of them are improving.

The dance at Dr. Eckman's last Thursday was an enjoyable affair. Everything connected with it passed off in the best style, and all participants laid claim to a pleasant evening.

Col. Malthy Foxworthy applied some new corn salve to a toe and is now suffering from a badly inflamed member, with a good chance to get rid of the corn by getting rid of the toe.

Rev. Amos Mattingly, of Reeterville, preached two most excellent sermons Sunday at the M. E. Church, South. We have reason to hope that he will accomplish much good. He and his wife visited the family of Rev. Ross Sunday.

Dr. A. M. Wallingford and son amputated two toes for Charles Mattingly last week. The members offended him and in obedience to the Scriptural injunction he had them cut off and cast from him. This process of using the knife should be applied to our moral, as well as our physical infirmities.

Immense crops of fire-side tobacco are being raised every day by our corps of postoffice gentlemen, and since prices are speculative somewhat, no doubt this has much to do with the present dull market. Buyers may rest assured, however, that when summer comes 90 per cent. of this crop will materialize.

The Cooking Club met Friday evening last at the hospitable home of Mr. Isaac Powers and enjoyed themselves as only cooking clubs know how. It was a regular feast. The young men feasted their eyes viewing the pretty girls, and the girls, for want of something better, feasted their eyes looking at the boys—rather a thin feast by the way. They all feasted their appetites on an abundance of nice viands, but the literary department was a feast for the ear, the mind and the soul. But alas! alas! the cooking club came to late. Something too cook is the main point now.

At the examination held during the last week of the Mt. Carmel public school the following pupils are entitled to have their names placed on the roll of honor: Willie Wallingford, Willie Henderson, Clark Bradley, Joshua Lukins, Joe Power, Virg. Cook, Tom Cook, Gil Cook, Jessie Beckett, Harvey S. Lukins, Albert Owsley, George Wallingford, Leslie Beckett, Lizzie Wilkinson, John O'Conner, Ruth Power, Ona Dale, Tom Hawley, John W. Lukins, Claud Kelly, Hattie Eckman, Ida Beckett, Frankie Beckett, Chas. McCarthy, Albert Wilkinson, Hays Cook, Raymond Beckett, Martha Gaebke.

### BERNARD.

Miss Sudie Lloyd is quite sick. The farmers have commenced plowing. El. Metcalfe and Tilden Hawk were here Sunday.

The sick list of this vicinity seems to be increasing.

Mrs. Kreutz has gone to Johnson's Station to visit her mother.

Matt Tolle, of Manchester, spent Sunday with family of Press Tolle.

Mrs. Dr. R. A. White left Monday morning for Plattsburg, Mo., to visit relatives.

Preaching at Stone Lick Sunday. In spite of the weather a good crowd was in attendance.

Mr. Nat Peters, of Bath County, has returned to his home after a weeks visit to his brother.

## From Infancy

My daughter was troubled with scrofula. A swelling formed in one of her ears and broke open. It discharged freely and the whole side of her head became affected. The trouble continued ten years and she lost the hearing in that ear. After an attack of typhoid fever she was left very weak. She coughed and raised a great deal. We resorted to Hood's Sarsaparilla and after taking six bottles she was greatly improved. Now the sores are perfectly healed and she has good hearing in that ear." Mrs. M. WILKINSON, Parham, Tenn.

## MY GRANDMOTHER'S ROSE.

BY J. W.

Oh, the old Provence rose by my grandmother's door!  
When ye waft me, ye winds, its rich fragrance once more,  
There comes to my memory a picture so sweet,  
When I played as a child at my grandmother's feet.

In the garden were flowers in brightest array,  
There were lilacs and lilies and tulips so gay,  
But our heart lingers most, as our feet did in yore,  
Beneath the old rose-tree, that grew by the door.

For our grandmother sat, when she sought her repose,  
Beneath the great shadow of that old Provence rose,  
While she read in fits and starts of his wonderful care  
Of his people from youth, even down to hoar hair.

So long had she served him, in word and in deed,  
For none were turned empty away in their need,  
And she taught us the fullness of virtue is love  
To our neighbor below and our Father above.

The rose with its fragrance still perfumes the air,  
Like the life that yet lives, though long vacant the chair,  
And as life fast apace grows nearer the tomb,  
Like incense it rises to brighten the gloom.

We may boast of our roses with titles so rare,  
There's none with the old Provence rose can compare;  
We loved it in youth, in age yet the more  
For the memories that cling round our grandmother's door.

**Catarrah in the Head.**  
Is due to impure blood and cannot be cured with local applications. Hood's Sarsaparilla has cured hundreds of cases of catarrah because it purifies the blood and in this way removes the cause of the disease. It also builds up the system and prevents attacks of pneumonia, diphtheria and typhoid fever.

Hood's Pills become the favorite cathartic with every one who tries them. 25.

**Old People.**  
Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

# A Few Suggestions

That may disclose a want you would like to fill this week.

**Upholstery**—Touch up the rooms with dainty bits. The cost will be surprisingly little, the effect tremendously big. You can have Denim in a dozen varieties for 25 and 29c. a yard, Tapestry in exquisite colors and quality with a varied line for selection at 50c. to \$3.50 a yard, Silk Silks in a dozen designs for 50c., Silkolene in hues as varied as the rainbow for 10 and 12c., Japanese Gold Cloth in scarlet, yellow and green for 18c.

**Fur Capes** are easier to buy now than they have been since comfort and fashion have given them such vogue. Why? Because we have more Capes in stock than usual. We don't want to carry them through the coming season, and we will stand the loss if you will take the Capes away. If you are skeptical bring \$7, \$10 or \$12 and see the \$15, \$25 and \$30 Capes you can secure. Perhaps some one you know has availed of our Fur Cape reductions. If so, they can attest the genuineness of these bargains. They are not on paper, they are in fur; they are not fancy, but fact.

**Selvyt**, the new polishing cloth. Have you tried it? Its merits are legion. It is

economical, durable, convenient; will out-wear chambray or any wash leather, is soft and pliant, launders well and is unrivaled for silver and furniture. Any housewife who has tested its worth will never be without it. Two sizes and prices, 15 and 25c.

**Corsets**—We haven't every line—don't need them all—but the department is stocked with a dozen makes, each the best of its kind. Perhaps you are a new woman, and have abandoned corsets. Then we have just the particular, correct waist you need. It is made of three-ply Contille, with removable side stays, steel front of double elasticity and double strength. No doubt you have heard of the great Health Reform Jackson Corset Waist. Its merits are unquestioned and its price, \$1, places it within the reach of all.

**Remnants**—Dress patterns for children; skirt lengths for women in all wool goods and short lengths of Silk and Velvets with prices cut to half. These goods have not been neglected by wise shoppers, but some choice pickings still remain for you.

## Christmas Gifts

**CHINA**—Handsome Plates, beautiful Cups and Saucers, elegant Dinner and Tea Sets and all the latest novelties. Simply giving them away.  
**CUT GLASS**—The finest American cuttings at 10 to 20 per cent. less than they can be bought for elsewhere.  
**LAMPS**—Our stock is the largest and most complete ever brought to the city. Prices from 20c. to \$20, and every Lamp guaranteed.  
With every Cup, Saucer or Plate purchased we present you with an Enamel.

## LOUISVILLE TOBACCO MARKET.

**The General Tone Better Than Heretofore—Prices For Fine Leaf Much Stronger Than Since the Opening.**

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse:

Sales on our market for the week just closed amount to 4,294 hds. with receipts for the same period 2,896 hds. Sales on our market since January 1st amount to 12,976 hds. Sales of the crop of 1895 on our market to this date amount to 15,461 hds.

The offerings of new burley have shown an increased proportion of good to fine leaf and prices for such have been rather stronger than at any time since the opening of the year. The good to fine grades of leaf are selling from \$10 to \$22.50 per hundred; the highest prices being applicable to smooth, bright, red leaf of medium length, as well as to the long, bright styles. Several buyers of new burley are on the market for the first time this season, the representatives of manufacturing and export interests, and the general tone of the market is better than heretofore.

The following quotations fairly represent our market for burley tobacco, (1895) crop:

Trash (dark or damaged).....\$ 1 00@1 50

## NO SENATOR YET.

### But Little Change in the Last Joint Ballot—Doings of the Legislature.

Senator Blackburn's successor has not been elected yet. The fifth ballot yesterday resulted in no change. A half-dozen pairs were announced and the only variation from Saturday's vote was that anti-Blackburn Democrats complimented Judge James H. Hazelrigg instead of Carlisle. The official vote stood: Hunter 63, Blackburn 55, Hazelrigg 8, Wilson 1, Bates 1. Necessary to a choice 65.

The Senate passed the Stephenson insurance bill Monday. It provides that no foreign company can do business in Kentucky except through local agents. A motion to reconsider the vote by which the bill was passed was carried.

Governor Bradley sent a message to the House protesting against mob violence and recommending a law making the counties where the offense is committed liable to the heirs or administrator of the victim in the sum of \$2,500.

In the House Gilliam's bill enabling Sheriffs who failed to qualify in the time allowed by law to do so between now and March 15th was reported favorably.

The bill taking Pineville, Bell County, out of the fourth and placing it in the fifth class was also reported favorably.

Speaker Blandford announced the following committee to investigate accounts of the Auditor under Democratic rule: Gilliam, Morgan, Black, Republicans; Hardin and Lykens, Democrats.

The House then went into a committee of the whole with ex-Speaker Carrell in the chair for the consideration of a bill repealing the act regulating the pay of wages to miners and other employees of corporations. Thorne, Robbins and others spoke against the bill and Barnett, Gessem and others in favor of it.

## GERMANTOWN FAIR.

It Will Be Held October 7th, 8th, 9th and 10th, This Year—The Directors Already at Work.

The Union Agricultural Society of Mason and Bracken counties, although in its forty-second year, exhibits all the vim and go of a two-year-old.

At a large and enthusiastic meeting of the directors held in Germantown last Saturday it was decided to hold the fair this year on October 7th, 8th, 9th and 10th. The directors will spare no efforts to make the fair this year the best on record.

DIED, Saturday, January 25th, at Madisonville, O., Mrs. Rebecca Orr, wife of Alfred Orr, a brother of the late George W. Orr of this city. She was forty-three years of age. Her remains were interred at Evergreen Cemetery, Newport, this morning.

COURIER-JOURNAL: "President J. W. McGarvey, of the College of the Bible, Lexington, delivered two sermons of much power Sunday morning and evening at Broadway Christian Church. He is a great favorite with the people of Louisville and had large congregations at both services."

THE Young People's Society of Christian Endeavor of the Church of the Disciples and the Central Presbyterian Church will celebrate Endeavor Day next Sunday evening at 8:15 o'clock at the former church in a union meeting. There will be several good addresses from members of the two societies.

THE executors of the late Hon. John T. Wilson, the wealthy ex-Congressman of Adams County, Ohio, held stock to the amount of \$11,000 in the Farmers' National Bank, of Portsmouth, which lately closed its doors. If the prediction that the stockholders will be assessed the amount of their stock, and this sum is required to pay out the depositors, it means a loss of \$22,000 to the worthy poor fund of Adams County. The executors, however, are in no degree responsible for the loss as the stock was left as a part of Mr. Wilson's estate.

SPEAKING of the candidates for delegate to the next Republican National convention, the Lexington correspondent of the Enquirer says: "One of the earliest candidates in the field for delegate at large is Hon. M. C. Hutchins, of Maysville, County Judge of Mason County. His father was burned in effigy in Maysville for voting for Lincoln, and he himself was the first enlisted man from Mason County under Lincoln's first call for 75,000 men. As a Kentuckian he will, of course, support Governor Bradley if the latter has a chance, but outside of the Kentucky candidate he is an enthusiastic McKinley supporter. He is a member of the Ohio Commandery of the Military Order of the Loyal Legion, of which McKinley is a shining light."

THE dyspeptic carries a dreadful load on his back. It seems as if he were really made up of two men. One of them ambitious, brainy and energetic; the other sick, listless, feverish and without force. The weak man weighs the other one down. The dyspeptic may be able to do pretty good work one day, and the next day because of some little indiscretion in eating, he may be able to do nothing at all. Most cases of dyspepsia start with constipation. Constipation is the cause of nine-tenths of all human sickness. Some of its symptoms are sick and bilious headache, dizziness, sour stomach, loss of appetite, foul breath, windy belchings, heartburn, pain and distress after eating. All these are indicative of derangements of the liver, stomach and bowels, and all are caused by constipation. Dr. Pierce's Pleasant Pellets are the quickest, easiest and most certain cure for this condition. They are not violent in action.

## WASHINGTON FIRE COMPANY.

### Arrangements Made to Meet Present Demands—A Benefit Entertainment Promised Soon.

The announcement that Washington Fire Company was not in condition to meet the coupons payable February 1st, has called to its aid a number of its friends, some of whom have made liberal donations, and others have procured the advance of the sum necessary, so that we are pleased to be able to announce that the coupons will be paid on 1st of February as usual.

The arrangement which has enabled the company to meet this obligation is a temporary one and the generous people of Maysville will be asked to patronize a benefit which some of our local talent will give, proceeds of which we hope will relieve the company of its present arrearage.

## THE PULLEY WORKS.

A Cincinnati Firm Has Contracted for the Entire Output of the Factory.

An important deal was closed Monday. The Bradford Belting Company of Cincinnati and the company operating the pulley works in the East End are the principal parties interested.

The belting company has contracted for the entire output of the pulley works. The output at present amounts to about \$20,000 a year, but this will very likely be increased to \$40,000 annually.

Vice President Mooney of the Bradford Company was here Monday afternoon arranging for a line of sample pulleys.

The belting company is rated at \$200,000, and is one of the big concerns in that line of business.

## GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the Liver active. You must help the Liver a bit, and the best helper is the Old Friend, SIMMONS LIVER REGULATOR, the RED Z. Mr. C. Hlmred, of Lancaster, Ohio, says: "SIMMONS LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Billousness and Sick Headache; both are caused by a sluggish Liver.
